

The Friends of the Lexington Main Library is a non-profit, volunteer organization that supports the Lexington Main Library by raising money and awareness. Through membership dues, book sales, gift shop sales, and special fund-raising activities, the Friends provide funding for non-budgeted library projects and programs. The programs include the annual Summer Reading Program and Kick Off Party, funding many of the Youth Services programs for children and teens, sponsoring the Lexington Main Library’s professional librarians participation on the South Carolina Library Association and underwriting a substantial portion of the library system’s annual Staff In-Service Education Day. Please consider becoming a member of the Friends of the Lexington Main Library and support your public library.
